- Orientation Course
- Preparatory Year
- School for Young Talent
- Special Trajectory ('speccie')

## PLEASE NOTE

This publication contains information that is subject to change. Please check the portal and the website [www.kabk.nl](http://www.kabk.nl) for the latest updates.

## NEDERLANDS / ENGELS

Dit calendarium is opgesteld in het Engels, omdat de studentenpopulatie van de Koninklijke Academie van Beeldende Kunsten internationaal van samenstelling is. Dat geldt in mindere mate voor de voortrajecten; voor de Kunstplanscholen en de School voor Jong Talent wordt de informatie daarom ook in het Nederlands aangeboden (p.44-47).

## ABBREVIATIONS

BA	Bachelors
FT	Full-time
IST	Individual Study Track
KABK	Koninklijke Academie van Beeldende Kunsten (Royal Academy of Art)
KC	Koninklijk Conservatorium (Royal Conservatoire)

# KABK COMMUNITY

Each year, around 950 students from all over the world join us at the Royal Academy of Art (KABK), including pupils and students of the Preparatory Courses.

By joining the KABK you will become part of a community of artists and designers who participate in various programmes. You will meet students, tutors and other professionals from a range of fields, all with different expertise, interests and very different cultural backgrounds. There will be a lot to discover for inquisitive minds and we look forward to the new ideas you will bring to our community.

Joining the KABK as a student also means taking on the role of a responsible citizen of our community. We are all responsible for the care and safety of the people, buildings and objects within the buildings. The house rules establish a basis of understanding and conduct that will allow everyone to experience the academy as a professional and nourishing environment. Students, teachers and staff are jointly responsible for the working environment.

It is up to all of us together to find a productive dialogue in order to navigate the challenges this brings. As students and as a group, you all have an active role in caring for your working environment. If you are unable to resolve a problem, please ask for help. Your department coordinators and teachers will always help you to find a solution.

Together with your department you will develop a workflow that allows you to work **safely**

- Make sure escape routes and doors are always free of clutter
- Hazardous materials should always be stored safely
- If you are concerned about an unsafe situation: contact a member of the facilities department, they can advise you
- If you are unsure if your plan is safe to you or others: confer with workshop technicians or the head of the facilities department. Together you can make a plan

Together with your department you will develop a workflow that allows you to work **responsibly**

- The academy makes sure that all waste is recycled by a specialized firm
- The academy offers materials for upcycling
- Minimize the use of environmentally impactful materials
- Only use designated areas for hazardous materials, plaster, spray paints and glue
- Never drain paints or other chemicals in the wash basins
- There is a no smoking policy in the academy building and at the entrance of the building.

Together with your department you will develop a workflow that allows you to work with **respect** towards fellow students, teachers, staff and the building

- A diverse community needs a culturally sensitive approach, treat others respectfully and responsibly
- If you are concerned by inappropriate situations, contact the student counsellor
- Beware that the building is a historical monument, and therefore fragile
- Do not drill holes in floors or use tape on the tiles. Only use designated areas for hanging posters
- Theft will be reported, damage will be charged to the perpetrator

In this booklet, we will guide you through the first steps at the KABK. The head, coordinator and teachers of the Preparatory Courses will help you with further information about the building and the physical and digital learning environment. They will show you where to find what, which rules you should respect and hopefully answer all of your practical questions – so you can join us in making your studies at the KABK successful.

Miriam Bestebreurtje  
*Deputy Director of Education*

Zanne Zwart

# PORTAL

portal.kabk.nl

The Royal Academy of Art (KABK) is an academy with approximately 950 students, divided over 7 bachelor departments, 7 master departments and various preparatory courses.

Each department has their own coordinator(s), who will be your main point of contact during your studies. Of course, student administration is there to help you with all practical matters, and so are the other staff members at the academy.

From September 2019 the KABK works with an internal **portal** that combines all internal communication channels that you need in order to organise your studies. *Note: This portal is accessible for bachelor and master students, and for students of the preparatory year and the orientation course.*

The portal consist of 3 main functionalities:

- **Announcements** important messages from the KABK and your department
- **The KABK** handbook with everything you need to know about the KABK and your department
- **Dashboard with buttons** the main tools you need every day

## How to access?

Just go to **portal.kabk.nl** in your mobile browser and log in with your student account. Don't forget to put the direct link to the home screen of your phone! Do this by first clicking the share button in your browser followed up by the option 'Add to home screen'. You will have to log in every time you use the portal.

## Help us improve!

As the portal is brand new, we hope you will share your experiences and suggestions for improvement with us. **portal@kabk.nl** (Thanks!)

# ADDRESS AND OPENING HOURS

building closed

## Veteran's Day

27 June 2020  
building closed

## Summer break

13 July – 23 August 2020  
limited opening hours

# EMERGENCY

## Small fire

- Call the reception emergency number at **070 3154 700** or send someone to notify the reception
- Report who you are and where you are
- The reception will immediately notify the Emergency response team (BHV team)
- If you know how to use the manual fire extinguisher, try to put out the fire (only in case of small/beginning fire incidents)

## Big fire

- Press the Fire alarm. This will trigger a direct signal to the fire brigade and will activate the sound alarm (slow-whoop)
- If you hear the sound alarm, leave the building immediately
- Use the stairs. Do not use the elevators under alarm conditions!
- Close doors and windows behind you (but do not lock them)
- Follow the instructions of the Emergency response team (BHV team), they wear yellow shirts
- Leave the building calmly

## Accident

- Call the reception emergency number at **070 3154 700** or send someone to notify the reception
- Report who you are, where you are, the number of the victims and where they are located
- If possible provide information about the state of the victims and what has happened
- The reception will notify immediately a first aid staff member, and if necessary **112**
- If you think that **112** should be notified immediately, take action yourself asap. Make sure to inform the reception, so that they can follow up with a notification as well

Note: There are various first aid boxes throughout the building

## Evacuation

- Follow the instructions of the Emergency response team (BHV team)
- Leave the building at the nearest exit and go to the assembly point (in front of the building)
- Stay at the assembly point and wait for further instructions

# WORKSHOPS

CHECK PORTAL.KABK.NL FOR LATEST UPDATES

The KABK has 13 workshops dispersed over the entire building. **All students are allowed to use all workshops.**

The machinery and workshops are state of the art. Operating the machinery can be dangerous and complex. That is why the KABK offers short courses in using the machinery safely and properly and in getting the most out of it.

If required, the workshop staff will provide personal protective gear, such as safety shoes in a variety of sizes, safety goggles, hearing protection, welding gloves and masks, etcetera.

Please check the portal for courses, the available machinery and other information.
