Wireless network for iPhone and iPad at KABK

Prerequisites

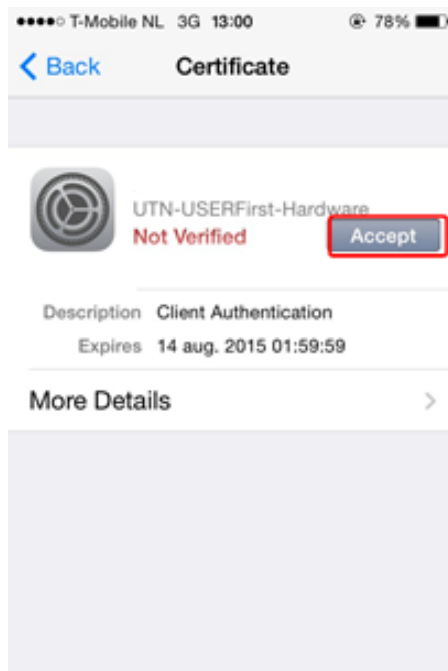

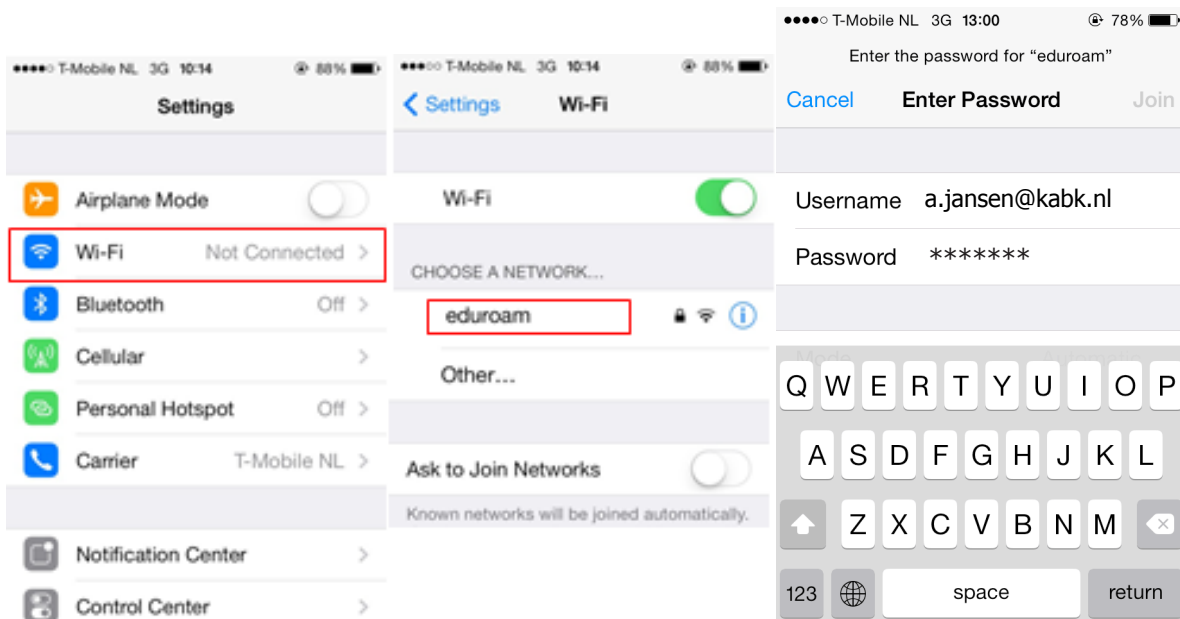

This manual ONLY applies to iOS version 7.0.0 and further. You can check the system version in the "General Settings" menu under "About".

Connecting your iPhone or iPad to eduroam

Step 1. Open the Wi-Fi menu in the settings, Make sure your Wi-Fi is switched on,

Tap the **Eduroam** Network.

Step 2. Type in your **userid@kabk.nl** or **userid@student.kabk.nl** and your **password**.

Step 3. Tap **Accept**.

Step 4. You will now be connected.
